DANNY WILD YOU'LL be getting the first batch ,we have the oil workers stay in mobile homes in the fields at the back of the hotel

MACREA You can't have all the oil workers staying at a hotel yeah

MOSS How are they taken to the oil platforms?

DANNY WILD They're taken to the oil platform off the coast of ARGENTINA

MOSS and how are they transported to the oil platforms

PETER ELGIN I won;t give MACREA a clue to our plans for PANORAMA CHEMICALS.

ELGIN GETS UP AND WALKS TO THE FAR SIDE OF THE ROOM, and opens a door at the back. A tall man is standing silently ,still with no reaction. Elgin presses a button and the android comes to life walking into the room.

ELGIN The Mark 5 robot is the most advanced off the production line and it would take an intimate examination to find out he's not real. Meet MICHAEL KIGARETH

MICHAEL KIGARETH My orders are to and take control of JUGHEAD, and the BULK CRUISER VISCOUNT before her maiden voyage.

BOSS HOGG All we have to do is keep MACRAE busy , offering that Expensive new bride a trip to CALIFORNIA and get you working.
